

2017 AGM PROPOSALS from Paul Johnson and seconded by Robert Kelly

- 1) I propose that Southampton AC should introduce an opt out clause concerning purchasing a vest when a new member joins the club so that the assumption will be that an athlete requires a club vest at the point of joining.
- 2) I propose that SAC should make it transparent regarding mileage expenses when an athlete is transporting other athletes to important club events a considerable distance away. A claim form should be available for printing off on the main site.
- 3) I propose that SAC should establish a permanent obituary page so that our fallen athletes/coaches/officials and volunteers are not forgotten with a link to the obituaries being held in a prominent position.
- 4) I propose that SAC should seek to purchase a better quality sublimated vest featuring the name of the club within the vest itself.
- 5) I propose that SAC should make individuals pay their own entry fees at all major championships with the athlete being reimbursed after participation.
